

*aquilaheywood*, the Group comprising *aquila* and *heywood*, is the leading supplier of pensions administration software solutions in the UK. The pension schemes for nearly 7 million members in more than 200 major organisations are run using the Group's three administration software solutions, *administrator*, *AXISe* and *altair*. These solutions cover the whole range of available schemes including DB, DC, hybrid, career average, cash balance and stakeholder, as well as group and individual products such as SPPs, income drawdown and flexible retirement.

The Group provides solutions to the Financial Services, Third Party Administration, Corporate and Public Sector pension scheme markets in the UK, Ireland and the rest of Europe. Its clients include Prudential, Norwich Union, BBC, Asda, BP, Diageo, the European Central Bank, Aon Consulting, JLT, and most local authority schemes.

*administrator* is *aquila's* functionally rich, pension administration software solution, which addresses the core administration, investment and communication requirements of all significant pension benefit and plan types. Its modern architecture offers a cost effective and low risk solution with proven capability and quality of delivery. *administrator's* Out Of The Box and Web Enabler components enable rapid deployment of transactional web access to individual members through a self-service model.

For those clients who wish to out-source their pensions IT function, *administrator* can be offered via a fully hosted or ASP service. To ensure a low risk implementation, the Group provides experienced consultancy services for business management comprising project management, process engineering, data migration, management information and system integration.
