

Press Release

26 May 2015

***aquilaheywood* raises over £56,000 for its chosen charities**

aquilaheywood is pleased to announce that it has raised £56,420 in its financial year ending 30 April 2015 to support its two chosen charities – The Children's Trust and Francis House.

The Children's Trust, based in Surrey, is the UK's leading charity for children with acquired brain injury, multiple disabilities and complex health needs.

Francis House, based in Cheshire, cares for over 370 sick children, teenagers and young adults with a short life expectancy, providing support and friendship for the whole family.

Staff in both *aquilaheywood* offices – Redhill in Surrey and Altrincham in Cheshire – participated in a large number of events throughout the year. The donations were raised through a combination of staff fundraising activities, payroll giving and company donations.

Commenting on the achievement, David Ackroyd, Chief Executive *at aquilaheywood* said:

'I am delighted that we were able to raise such a magnificent amount of money for these two great causes. We will be continuing to support them both this year.'
